

Introducing Letted

A better way for you to manage your tenancy.

Your landlord has joined Letted, a platform that takes the hassle out of getting things fixed, talking to your landlord and finding the documents you need. It's completely free for you to use.

WHAT YOU GET

Report repairs in one place

When something goes wrong in your home, message Letted directly. We'll contact a contractor and come back to you with a clear timeframe.

All your documents on hand

Your tenancy agreement, gas safety certificate, EPC and anything else relevant to your home, all in one place when you need them.

Communication that doesn't get lost

Everything sits on Letted, so your messages are seen and actioned around the clock. No waiting through the weekend or being forgotten by a busy agent.

A clearer picture of your home

Your landlord can set up a property handbook on Letted, giving you clear instructions and guides to help you enjoy your home.

It's free for you

Letted is paid for by your landlord. There's no cost and no sign-up fee for tenants.

SIGNING UP

- 1 Look out for an invitation email from Letted.
- 2 Click the link inside and set your details.
- 3 You're in. It takes a couple of minutes.

QUESTIONS?

Email us at hello@letted.com, check out our website at www.letted.com, or speak to your landlord.
